

Middle School Language Arts

Full Time

The GreenMount School is a small, progressive, independent K-8 school located in the vibrant Remington community in Baltimore City.

What Makes The GreenMount School (GMS) Different?

We are a community of educators who work together to provide a creative education for grades K through 8 – emphasizing multicultural, cooperative, and experiential learning, supported by strong family participation.

We are a community of parents who fully engage in a system of work-sharing, in-kind contribution, and community building. The Parent CO-OP expands opportunities for family involvement and provides a rich array of resources and services for the students and school. Each parent contractually agrees to 40 hours of service to the school per year.

We are a community of confident learners where children gain confidence in their abilities when given the space and time to learn and the encouragement to succeed. Students learn through creative, multicultural, community-based, thematic curricula.

Our Philosophy

Education is more than schoolwork. Learning becomes more meaningful for children when they can connect their in-school and out-of-school experiences through a theme-based approach. GMS seeks to help students join in the life of the community through field trips, service learning, apprenticeships, and visiting artists and experts surrounding three themes each year. Our students become confident and contributing community members through the work of outstanding teachers.

Who We Are Looking For

The ideal candidate will believe that shared leadership amongst teachers, parents, and students is essential to creating a meaningful learning community. We want a teacher who can develop an emergent curriculum that encourages academic rigor AND invites the natural chaos that comes with student-driven creativity. It is essential that candidates inspire a love for learning and are proactive in collaborating with

others. Additionally, we are looking for reflective practitioners who embrace a culture of revision, not just for students but also for themselves.

The GreenMount School is committed to leadership in multicultural education and a culturally diverse faculty and staff. The school, therefore, seeks applications from candidates who will contribute to an atmosphere in which all are valued and supported.
